Registration and Title Bulletin # 81-00

TO: All County Tax Assessor-Collectors

SUBJECT: Revised Form VTR-61, Affidavit And Application To Register And Title A Vehicle Which Has Been Rebuilt, Assembled, Reconstructed, Stripped Or Has Had A Change In Component Parts

PURPOSE

To provide notification that the Form VTR-61 has been revised.

CHANGES

- Provides a space for the applicant to show the motor vehicle safety inspection sticker number and month and year of expiration. This is to insure that the title applicant provides this information upon initial filing of the title transaction. Although previously required, there was no mention made of these requirements, which caused rejections.
- Component parts' list has been separated to indicate mandatory identification of the basic component parts (body, frame, and motor) and the optional identification of other parts.

ACTIONS

A sample of the revised Form VTR-61 (Rev. 3/2000) is attached. Counties should continue accepting prior versions.

VTR CONTACT PERSONS

If you have any questions concerning this bulletin, please contact your local TxDOT Vehicle Titles and Registration Division Regional Office or the Customer Help Desk at (512) 465-7611. Thank you very much.
