**PO Information:**

All RSC offices have or will receive a tablet computer to be used in conjunction with Nemo-Q customer queuing systems, exclusively for customer satisfaction surveys. The tablets will be located inside secure wall-mounted housings. Per Nemo-Q, the batteries for the tablets will only last about four hours. We need electrical outlets installed behind the wall-mounted housings so that the power units for the tablets can remain plugged in and the tablets available to customers during the full business day.

Provide all labor, equipment and materials necessary to install one (1) electrical outlet at the TxDMV Beaumont Regional Service Center and mount one (1) TxDMV-provided enclosure backplate.

Reference attached quote dated 8/7/19, and enclosure mount information.

All work must be completed by a licensed electrician.

Call to set up the time for work to be done.

To avoid the confusion of duplicate invoices, please do not send other copies of this invoice via regular mail, fax or other means. On emails for electronic invoices, include the company name (as it appears on the invoice) and the purchase order number in the subject line to assist in identifying and processing your invoices in a timely manner.
