ADMINISTRATIVE HEARINGS

DECISION AND ORDER

Toni M. Wagner (Complainant) filed a complaint with the Texas Department of Motor Vehicles (Department) seeking relief pursuant to Texas Occupations Code §§ 2301.601-2301.613 (Lemon Law) and/or Texas Occupations Code § 2301.204 (Warranty Performance) for alleged warrantable defects in her recreational vehicle (RV) manufactured by Forest River, Inc. (Respondent). A preponderance of the evidence shows that the subject recreational vehicle has warrantable defects that qualify for warranty repair.

I. Procedural History, Notice and Jurisdiction

Matters of notice of hearing¹ and jurisdiction were not contested and are discussed only in the Findings of Fact and Conclusions of Law. The hearing in this case convened on July 26, 2019, in Austin, Texas, before Hearings Examiner Andrew Kang, and the record closed on the same day. The Complainant, represented and testified for herself. Warren Murphy, assistant director, parts, service, and warranty, represented and testified for the Respondent.

¹ TEX. GOV’T CODE § 2001.051.
II. Discussion

A. Applicable Law

1. Repurchase/Replacement Relief Requirements

A vehicle qualifies for repurchase or replacement if the respondent cannot “conform a motor vehicle to an applicable express warranty by repairing or correcting a defect or condition that creates a serious safety hazard or substantially impairs the use or market value of the motor vehicle after a reasonable number of attempts.” In other words, (1) the vehicle must have a defect covered by an applicable warranty (warrantable defect); (2) the defect must either (a) create a serious safety hazard or (b) substantially impair the use or market value of the vehicle; and (3) the defect must currently exist after a “reasonable number of attempts” at repair. In addition, the Lemon Law imposes other requirements for repurchase/replacement relief, including (1) a mailed written notice of the defect to the respondent, (2) an opportunity to cure by the respondent, and (3) a deadline for filing a Lemon Law complaint.

a. Serious Safety Hazard

The Lemon Law defines “serious safety hazard” as a life-threatening malfunction or nonconformity that: (1) substantially impedes a person’s ability to control or operate a vehicle for ordinary use or intended purposes, or (2) creates a substantial risk of fire or explosion.

b. Substantial Impairment of Use or Value

i. Impairment of Use

In determining substantial impairment of use, the Department considers “whether a defect or nonconformity hampers the intended normal operation of the vehicle.” For instance, “while a vehicle with a non-functioning air conditioner would be available for use and transporting passengers, its intended normal use would be substantially impaired.”

3 TEX. OCC. CODE § 2301.604(a).
4 TEX. OCC. CODE § 2301.601(4).

5 Dutchmen Manufacturing, Inc. v. Texas Department of Transportation, Motor Vehicle Division, 383 S.W.3d 217, 228 (Tex. App.—Austin 2012).
ii. Impairment of Value

The Department applies a reasonable purchaser standard for determining whether a defect substantially impairs the value of a vehicle. The reasonable purchaser standard “does not require an owner to present an expert witness or any technical or market-based evidence to show decreased value.” Instead, under this standard, “factfinders should put themselves in the position of a reasonable prospective purchaser of the subject vehicle and determine (based on the evidence presented) if the current condition of the vehicle would deter them from buying the vehicle or substantially negatively affect how much they would be willing to pay for the vehicle.”

c. Reasonable Number of Repair Attempts

Generally, a rebuttable presumption is established that the vehicle had a reasonable number of repair attempts if:

[T]he same nonconformity continues to exist after being subject to repair four or more times by the manufacturer, converter, or distributor or an authorized agent or franchised dealer of a manufacturer, converter, or distributor and the attempts were made before the earlier of: (A) the date the express warranty expires; or (B) 24 months or 24,000 miles, whichever occurs first, following the date of original delivery of the motor vehicle to the owner.

Alternatively, for serious safety hazards, a rebuttable presumption is established that the vehicle had a reasonable number of repair attempts if:

[T]he same nonconformity creates a serious safety hazard and continues to exist after causing the vehicle to have been subject to repair two or more times by the manufacturer, converter, or distributor or an authorized agent or franchised dealer of a manufacturer, converter, or distributor and the attempts were made before the earlier of: (A) the date the express warranty expires; or (B) 24 months or 24,000 miles, whichever occurs first, following the date of original delivery of the motor vehicle to the owner.

Additionally, for vehicles out of service at least 30 days, a rebuttable presumption may be established that the vehicle had a reasonable number of repair attempts if:

6 *Dutchmen Manufacturing, Inc. v. Texas Department of Transportation, Motor Vehicle Division*, 383 S.W.3d 217, 228 (Tex. App.—Austin 2012) (“[T]he Division’s interpretation that expert testimony or technical or market-based evidence is not required to show diminished value or use is consistent with the statute’s goal of mitigating manufacturers’ economic advantages in warranty-related disputes.”).

7 TEX. OCC. CODE § 2301.605(a)(1)(A) and (B).

8 TEX. OCC. CODE § 2301.605(a)(2).
[A] nonconformity still exists that substantially impairs the vehicle’s use or market value, the vehicle is out of service for repair for a cumulative total of 30 or more days, and the attempts were made before the earlier of: (A) the date the express warranty expires; or (B) 24 months or 24,000 miles, whichever occurs first, following the date of original delivery of the motor vehicle to the owner. 9

The 30 days described above does not include any period when the owner has a comparable loaner vehicle provided while the dealer repairs the subject vehicle. 10

The existence of a statutory rebuttable presumption does not preclude otherwise finding a reasonable number of attempts to repair the vehicle based on different circumstances and fewer attempts. 11 Furthermore, the Department adopted a decision indicating that if a consumer presents the vehicle to a dealer for repair and the dealer fails to repair the vehicle, then that visit would constitute a repair attempt unless the consumer was at fault for the failure to repair the vehicle. 12

d. Other Requirements

Even if a vehicle satisfies the preceding requirements for repurchase/replacement relief, the Lemon Law prohibits repurchase or replacement unless: (1) the owner, someone on behalf of the owner, or the Department provided written notice of the alleged defect or nonconformity to the respondent; 13 (2) the respondent was given an opportunity to cure the defect or nonconformity; 14 and (3) the Lemon Law complaint was filed within six months after the earliest of: the warranty’s

13 TEX. OCC. CODE § 2301.606(c)(1).
14 A respondent may delegate its opportunity to cure to a dealer. A repair visit to a dealer satisfies the opportunity to cure requirement when the respondent allows a dealer to attempt repair after written notice to the respondent. Dutchmen Manufacturing, Inc. v. expiration date or the dates on which 24 months or 24,000 miles had passed since the date of original delivery of the motor vehicle to an owner.\textsuperscript{15}

2. **Warranty Repair Relief**

Even if repurchase or replacement relief does not apply, a vehicle may still qualify for warranty repair if the vehicle has a “defect . . . that is covered by a manufacturer’s, converter’s, or distributor’s . . . warranty agreement applicable to the vehicle” and the vehicle owner notified the manufacturer, converter, distributor, or its authorized agent of the defect before the warranty’s expiration.\textsuperscript{16} The manufacturer, converter, or distributor has an obligation to “make repairs necessary to conform a new motor vehicle to an applicable . . . express warranty.”\textsuperscript{17}

3. **Burden of Proof**

The law places the burden of proof on the Complainant.\textsuperscript{18} The Complainant must prove all facts required for relief by a preponderance of the evidence. That is, the Complainant must present sufficient evidence to show that every required fact more likely than not exists.\textsuperscript{19} Accordingly, the Complainant cannot prevail where the existence of any required fact appears equally likely or unlikely.

4. **The Complaint Identifies the Issues in this Proceeding**

The complaint identifies the issues to be addressed in this proceeding.\textsuperscript{20} The complaint must state “sufficient facts to enable the department and the party complained against to know the nature of the complaint and the specific problems or circumstances forming the basis of the claim

for relief under the lemon law."21 However, the parties may expressly or impliedly consent to trying issues not included in the pleadings.22 Implied consent occurs when a party introduces evidence on an unpleaded issue without objection.23

5. Incidental Expenses

When repurchase or replacement is ordered, the Lemon Law provides for reimbursing the Complainant for reasonable incidental expenses resulting from the vehicle’s loss of use because of the defect.24 Reimbursable expenses include, but are not limited to: (1) alternate transportation; (2) towing; (3) telephone calls or mail charges directly attributable to contacting the manufacturer, distributor, converter, or dealer regarding the vehicle; (4) meals and lodging necessitated by the vehicle’s failure during out-of-town trips; (5) loss or damage to personal property; (6) attorney fees, if the complainant retains counsel after notification that the respondent is represented by counsel; and (7) items or accessories added to the vehicle at or after purchase, less a reasonable allowance for use. The expenses must be reasonable and verifiable (for example, through receipts or similar written documents).25 However, the Department’s rules expressly exclude compensation for “any interest, finance charge, or insurance premiums.”26

B. Summary of Complainant’s Evidence and Arguments

On May 20, 2016, the Complainant, purchased a new 2017 Surveyor 201RBS from Colonia Del Rey RV Sales, LLC, an authorized dealer of the Respondent, in Corpus Christi, Texas. The vehicle’s limited warranty covers the body structure for one year. On January 24, 2019, the Complainant, provided a written notice of a black water leak to the Respondent. On June 1, 2019, the Complainant filed a complaint with the Department alleging that that water leaked from a slide-out. The vehicle has had four repair attempts for the slide-out leak at an authorized dealer between August 31, 2016, and May 16, 2017.

25 43 TEX. ADMIN. CODE § 215.209(a).
26 43 TEX. ADMIN. CODE § 215.208(b)(1).
C. **Summary of Respondent’s Evidence and Arguments**

The Respondent stipulated to the existence of the leaking slide-out and leaking black water.

D. **Analysis**

As explained below, the vehicle qualifies for warranty repair but not repurchase or replacement. As an initial matter, the subject vehicle cannot qualify for repurchase or replacement relief because the Complainant did not timely file the complaint. The Complainant purchased the vehicle on May 20, 2016. The Lemon Law requires the complaint to have been filed no later than six months after the earliest of: (1) the expiration of the warranty or (2) 24 months from the date of purchase. In this case, the filing deadline falls on November 20, 2018. The warranty expired on May 20, 2017, and 24 months after purchase falls on May 20, 2018. Accordingly, six months after these dates is November 20, 2017, and November 20, 2018, respectively. Because one year after the warranty expires is earlier than 24 months after purchase, the deadline falls on six months after November 20, 2017, which May 20, 2017. However, the complaint was filed on June 3, 2019, over two years past the filing deadline. The Respondent stipulated to the existence of the leaking slide out and leaking black water. Accordingly, these nonconformities are subject to warranty repair.

III. **Findings of Fact**

1. On May 20, 2016, the Complainant, purchased a new 2017 Surveyor 201RBS from Colonia Del Rey RV Sales, LLC, an authorized dealer of the Respondent, in Corpus Christi, Texas.

2. The vehicle’s limited warranty covers the body structure for one year.

3. The vehicle has had four repair attempts for the slide-out leak at an authorized dealer between August 31, 2016, and May 16, 2017.

4. On January 24, 2019, the Complainant, provided a written notice of a black water leak to the Respondent.

5. On June 1, 2019, the Complainant filed a complaint with the Department alleging that that water leaked from a slide out.

6. On June 17, 2019, the Department’s Office of Administrative Hearings issued a notice of hearing directed to all parties, giving them not less than 10 days’ notice of hearing and their
rights under the applicable rules and statutes. The notice stated the time, place and nature of the hearing; the legal authority and jurisdiction under which the hearing was to be held; particular sections of the statutes and rules involved; and the factual matters asserted.

7. The hearing in this case convened on July 26, 2019, in Austin, Texas, before Hearings Examiner Andrew Kang, and the record closed on the same day. The Complainant, represented and testified for herself. Warren Murphy, assistant director, parts, service, and warranty, represented and testified for the Respondent.

8. The vehicle’s warranty expired on May 20, 2017.

9. The Respondent stipulated to the existence of the slide-out leak and the black water leak.

IV. Conclusions of Law

1. The Texas Department of Motor Vehicles has jurisdiction over this matter. TEX. OCC. CODE §§ 2301.601-2301.613 and 2301.204.

2. A hearings examiner of the Department’s Office of Administrative Hearings has jurisdiction over all matters related to conducting a hearing in this proceeding, including the preparation of a decision with findings of fact and conclusions of law, and the issuance of a final order. TEX. OCC. CODE § 2301.704.

5. The Complainant bears the burden of proof in this matter. 43 TEX. ADMIN. CODE § 206.66(d).

6. The Complainant’s vehicle cannot qualify for replacement or repurchase. The Complainant did not timely file the complaint for repurchase or replacement relief. The proceeding must have been commenced not later than six months after the earliest of: (1) the expiration date of the express warranty term; or (2) the dates on which 24 months or 24,000 miles have passed since the date of original delivery of the motor vehicle to an owner. TEX. OCC. CODE § 2301.606(d).
7. The Complainant does not qualify for reimbursement of incidental expenses because the vehicle does not qualify for replacement or repurchase. TEX. OCC. CODE §§ 2301.603, 2301.604(a); 43 TEX. ADMIN. CODE § 215.209.

8. The Complainant’s vehicle qualifies for warranty repair. The Complainant proved that the vehicle has a defect covered by the Respondent’s warranty. TEX. OCC. CODE § 2301.204. The Complainant or an agent of the Complainant notified the Respondent or Respondent’s agent of the alleged defect(s). TEX. OCC. CODE §§ 2301.204 and 43 TEX. ADMIN. CODE § 215.202(b)(3).

9. The Respondent remains responsible to address and repair or correct any defects that are covered by the Respondent’s warranty. TEX. OCC. CODE § 2301.603.

10. The Respondent has a continuing obligation after the expiration date of the warranty to address and repair or correct any warrantable nonconformities reported to the Respondent or Respondent’s designated agent or franchised dealer before the warranty expired. TEX. OCC. CODE § 2301.603.

V. Order

Based on the foregoing Findings of Fact and Conclusions of Law, it is ORDERED that the Complainant’s petition for relief pursuant to Texas Occupations Code §§ 2301.601-2301.613 is DISMISSED. It is FURTHER ORDERED that the Respondent shall make any repairs needed to conform the subject vehicle’s slide-out leak and black water leak to the applicable warranty as specified here. Upon this Order becoming final under Texas Government Code § 2001.144:27 (1) the Complainant shall deliver the vehicle to the Respondent within 20 days; and (2) the Respondent shall complete the repair of the vehicle within 40 days after receiving it. However, if the Department determines the Complainant’s refusal or inability to deliver the vehicle caused the failure to complete the required repair as prescribed, the Department may consider the

27 This Order does not become final on the date this Order is signed, instead: (1) this Order becomes final if a party does not file a motion for rehearing within 25 days after the date this Order is signed, or (2) if a party files a motion for rehearing within 25 days after the date this Order is signed, this Order becomes final when: (A) an order overruling the motion for rehearing is signed, or (B) the Department has not acted on the motion within 55 days after the date this Order is signed. Accordingly, this Order cannot become final (1) while a motion for rehearing remains pending; or (2) after the grant of a motion for rehearing.
Complainant to have rejected the granted relief and deem this proceeding concluded and the complaint file closed under 43 Texas Administrative Code § 215.210(2).
