**ADOPTION OF**  
**SUBCHAPTER E. GENERAL DISTINGUISHING NUMBERS**  
**43 TAC §§215.150-215.158**

**INTRODUCTION.** The Texas Department of Motor Vehicles (department) adopts amendments to 43 TAC §§215.150-215.158, concerning buyer's temporary tags issued by a federal, state, or local governmental agency. The department adopts the amendments to §§215.150-215.158 without changes to the proposed text as published in the June 26, 2020 issue of the *Texas Register* (45 TexReg 4305). The rules will not be republished.

**EXPLANATION.** The amendments are necessary to implement Transportation Code §503.063(h), as added by House Bill 3760, 86th Legislature, Regular Session (2019), update forms in §215.153, and update §215.154 to conform with Transportation Code Chapter 551 and Chapter 551A related to golf carts and off-highway vehicles. Transportation Code §503.063(h) authorizes a federal, state, or local governmental agency that is exempt from the requirement to obtain a dealer general distinguishing number to issue one temporary buyer's tag for a vehicle sold or otherwise disposed of by the governmental agency under state law. Transportation Code §503.063(h)(1) establishes that a governmental agency that issues such a temporary buyer's tag is subject to statutory provisions applicable to a dealer relating to the buyer's temporary tag database and the unauthorized reproduction, purchase, use, or sale of temporary tags. Transportation Code §503.063(h)(2) exempts the governmental agency from collecting the \$5 registration fee for the tag.

Amendments to §215.150 state the requirements of Transportation Code §503.063(h).

Amendments to §215.151 require a federal, state, or local governmental agency to secure a temporary buyer's tag or preprinted Internet-down temporary tag issued under §215.150(c) in the same manner as a dealer.

1 Amendments to §215.152 extend the requirements placed on dealers under that section to a  
2 federal, state, or local governmental agency.

3 Amendments to §215.153 remove outdated requirements that do not apply to temporary tags  
4 created on-demand with the department's web-based application and available for printing at time of  
5 creation. The department also adopts updated tag forms in the attached graphics to reflect current online  
6 forms.

7 Amendments to §215.154 add golf carts and off-highway vehicles to vehicles that cannot be  
8 issued temporary tags because the vehicles are not eligible for registration by the public under  
9 Transportation Code §§502.140, 551.402, and 551A.052.

10 Amendments to §215.155 extend the requirements placed on dealers issuing buyer's temporary  
11 tags under that section to a federal, state, or local governmental agency. The amendments also provide a  
12 federal, state, or local governmental agency, is not required to collect the \$5 fee that dealers must collect  
13 under Transportation Code §503.063(g). The amendments also clarify that the \$5 fee must be paid to the  
14 county tax assessor collector. A dealer selling a vehicle to a Texas resident would submit the fee with the  
15 title transfer documents. A dealer selling the vehicle to a non-Texas resident must also submit the fee to  
16 the county tax assessor collector even though title transfer documents are not submitted. A federal, state,  
17 or local governmental agency selling to any person must also submit the fee, if collected, to the county  
18 tax assessor collector even though title transfer documents are not submitted by the agency on behalf of  
19 the buyer.

20 Amendments to §215.156 extend the requirements placed on dealers to provide buyer's  
21 temporary tag receipts under that section to a federal, state, or local governmental agency.

1 Amendments to §215.157 extend the requirements placed on dealers concerning preprinted  
2 Internet-down temporary tags with specific numbers and buyer's temporary tag receipts under that  
3 section to a federal, state, or local governmental agency.

4 Proposed amendments to §215.158 extend the requirements placed on dealers concerning the  
5 allocation and safekeeping of preprinted Internet-down temporary tags under that section to a federal,  
6 state, or local governmental agency.

7 **SUMMARY OF COMMENTS.**

8 The department received one comment not opposing the proposal from the Tax Assessor  
9 Collector Association of Texas, on behalf of its members.

10 **General Comments**

11 The proposal inserts "federal, state, or local governmental agency" where it speaks to the  
12 "dealer."

13 **Agency Response.**

14 The department agrees that the adopted amendments extend requirements and authorizations  
15 applicable to dealers to a "federal, state, or local governmental agency" as stated in the adopted sections.  
16 The sections do not expand the definition of the term "dealer" to include a "federal, state, or local  
17 governmental agency" in any use of the term dealer.

18 **§215.154 Comment.**

19 A commenter states "The proposed amendments to §215.154 add golf carts and off-highway  
20 vehicles to vehicles that cannot be issued temporary tags because the vehicles are not eligible for  
21 registration by the public under Transportation Code §§502.140, 551.402, and 551A.052."

22 **Agency Response.**

23 The department agrees with the statement as stated in the adoption.

1 **§215.155 Comment.**

2 A commenter states "This proposed rule clarifies language on when the \$5 buyer tag fee is paid  
3 and provides the state, local, federal governmental agencies are not required to obtain a general  
4 distinguishing number. It also states that the federal, state or local governmental agency will pay the \$5  
5 buyer tag fee to the county if it is collected."

6 **Agency Response.**

7 The department agrees with the statement as stated in the adoption.

8 **STATUTORY AUTHORITY.** The department adopts amendments to §§215.150 - 215.158 under  
9 Transportation Code §§503.002, 503.0626, 503.0631, 503.069 and §1002.001.

10 Transportation Code §503.002 authorizes the Texas Department of Motor Vehicles Board (board)  
11 to adopt rules for the administration of Transportation Code Chapter 503.

12 Transportation Code §503.0626 authorizes the department to adopt rules and prescribe  
13 procedures as necessary to implement §503.0626.

14 Transportation Code §503.0631 authorizes the department to adopt rules and prescribe  
15 procedures as necessary to implement this §503.0631.

16 Transportation Code §503.069 provides that a license plate, other than an in-transit license plate,  
17 or a temporary tag issued under this chapter shall be displayed in accordance with department rules.

18 Transportation Code §1002.001, authorizes the board to adopt rules that are necessary and  
19 appropriate to implement the powers and the duties of the department.

12 (7) the buyer's name and mailing address.

13  
14 §215.157. Advance Numbers, Preprinted Internet-down Temporary Tags.

15 (a) In accordance with Transportation Code, §503.0631(d), a dealer, or a federal, state, or local  
16 governmental agency, may obtain an advance supply of preprinted Internet-down temporary tags with  
17 specific numbers and buyer's temporary tag receipts to issue in lieu of buyer's temporary tags if the dealer  
18 is unable to access the internet.

19 (b) If a dealer, or a federal, state, or local governmental agency, is unable to access the internet  
20 at the time of a sale, the dealer, or a federal, state, or local governmental agency, must complete the  
21 preprinted Internet-down temporary buyer's tag and buyer's temporary tag receipt by providing details  
22 of the sale, signing the buyer's temporary tag receipt, and retaining a copy. The dealer, or a federal, state,  
23 or local governmental agency, must enter the required information regarding the sale in the temporary

1 tag database not later than the close of the next business day that the dealer has access to the internet.  
2 The buyer's temporary tag receipt must include a statement that the dealer, or a federal, state, or local  
3 governmental agency, has internet access but, at the time of the sale, the dealer, or a federal, state, or  
4 local governmental agency, was unable to access the internet or the temporary tag database.

5

6 §215.158. General Requirements and Allocation of Preprinted Internet-down Temporary Tag Numbers.

7 (a) The dealer, or a federal, state, or local governmental agency, is responsible for the safekeeping  
8 of preprinted Internet-down temporary tags and shall store them in a secure place. The dealer, or a  
9 federal, state, or local governmental agency, shall report any loss, theft, or destruction of preprinted  
10 Internet-down temporary tags to the department within 24 hours of discovering the loss, theft, or  
11 destruction.

12 (b) A dealer, or a federal, state, or local governmental agency, may use a preprinted Internet-  
13 down temporary tag up to 12 months after the date the preprinted Internet-down temporary tag is  
14 created. A dealer, or a federal, state, or local governmental agency, may create replacement preprinted  
15 Internet-down temporary tags up to the maximum allowed, when:

16 (1) a dealer, or a federal, state, or local governmental agency, uses one or more  
17 preprinted Internet-down temporary tags and then enters the required information in the temporary tag  
18 database after access to the temporary tag database is again available; or

19 (2) a preprinted Internet-down temporary tag expires.

20 (c) The number of preprinted Internet-down temporary tags that a dealer, or federal, state, or  
21 local governmental agency, may create is equal to the greater of:

22 (1) the number of preprinted Internet-down temporary tags previously allotted by the  
23 department to the dealer or a federal, state, or local governmental agency;

1 (2) 30; or

2 (3) 1/52 of the dealer's, or federal, state, or local governmental agency's, total annual  
3 sales.

4 (d) For good cause shown, a dealer, or a federal, state, or local governmental agency, may obtain  
5 more than the number of preprinted Internet-down temporary tags described in subsection (c) of this  
6 section. The director of the Vehicle Titles and Registration Division of the department or that director's  
7 delegate may approve, in accordance with this subsection, an additional allotment of preprinted Internet-  
8 down temporary tags for a dealer, or a federal, state, or local governmental agency, if the additional  
9 allotment is essential for the continuation of the dealer's, or a federal, state, or local governmental  
10 agency's, business. The director of the Vehicle Titles and Registration Division of the department, or a  
11 federal, state, or local governmental agency, or that director's delegate will base the determination of the  
12 additional allotment of preprinted Internet-down temporary tags on the dealer's, or a federal, state, or  
13 local governmental agency's, past sales, inventory, and any other factors that the director of the Vehicle  
14 Titles and Registration Division of the department or that director's delegate determines pertinent, such  
15 as an emergency. A request for additional preprinted Internet-down temporary tags must specifically  
16 state why the additional preprinted Internet-down temporary tags are necessary for the continuation of  
17 the applicant's business.

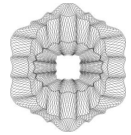

18 CERTIFICATION. The department certifies that legal counsel has reviewed the adoption and found it to be  
19 a valid exercise of the agency's legal authority.

20 Issued at Austin, Texas, on October 1, 2020.
