

1 **PROPOSAL OF**

2 **SUBCHAPTER E. GENERAL DISTINGUISHING NUMBERS**

3 **43 TAC §§215.150-215.158**

4 **INTRODUCTION.** The Texas Department of Motor Vehicles (department) proposes amendments to 43 TAC
5 §§215.150-215.158, concerning buyer's temporary tags issued by a federal, state, or local governmental
6 agency. The amendments are necessary to implement Transportation Code §503.063(h), as added by
7 House Bill 3760, 86th Legislature, Regular Session (2019), update forms in §215.153, and update §215.154
8 to conform with Transportation Code Chapter 551 and Chapter 551A related to golf carts and off-highway
9 vehicles.

10 **EXPLANATION.** Transportation Code §503.063(h) authorizes a federal, state, or local governmental
11 agency that is exempt from the requirement to obtain a dealer general distinguishing number to issue
12 one temporary buyer's tag for a vehicle sold or otherwise disposed of by the governmental agency under
13 state law. Transportation Code §503.063(h)(1) establishes that a governmental agency that issues such a
14 temporary buyer's tag is subject to statutory provisions applicable to a dealer relating to the buyer's
15 temporary tag database and the unauthorized reproduction, purchase, use, or sale of temporary tags.
16 Transportation Code §503.063(h)(2) exempts the governmental agency from collecting the \$5 registration
17 fee for the tag.

18 Proposed amendments to §215.150 state the requirements of Transportation Code §503.063(h).

19 Proposed amendments to §215.151 require a federal, state, or local governmental agency to
20 secure a temporary buyer's tag or preprinted Internet-down temporary tag issued under §215.150(c) in
21 the same manner as a dealer.

22 Proposed amendments to §215.152 extend the requirements placed on dealers under that
23 section to a federal, state, or local governmental agency.

1 Proposed amendments to §215.153 remove outdated requirements that do not apply to
2 temporary tags created on-demand with the department's web-based application and available for
3 printing at time of creation. The department also proposed updating the tag forms in the attached
4 graphics to reflect current online forms.

5 Proposed amendments to §215.154 add golf carts and off-highway vehicles to vehicles that
6 cannot be issued temporary tags because the vehicles are not eligible for registration by the public under
7 Transportation Code §§502.140, 551.402, 551A.052.

8 Proposed amendments to §215.155 extend the requirements placed on dealers issuing buyer's
9 temporary tags under that section to a federal, state, or local governmental agency. The proposed
10 amendments also provide a federal, state, or local governmental agency, is not required to collect the \$5
11 fee that dealers must collect under Transportation Code §503.063(g). The proposed amendments also
12 clarify that the \$5 fee must be paid to the county tax assessor collector. A dealer selling a vehicle to a
13 Texas resident would submit the fee with the title transfer documents. A dealer selling the vehicle to a
14 non-Texas resident must also submit the fee to the county tax assessor collector even though title transfer
15 documents are not submitted. A federal, state, or local governmental agency selling to any person must
16 also submit the fee, if collected, to the county tax assessor collector even though title transfer documents
17 are not submitted by the agency on behalf of the buyer.

18 Proposed amendments to §215.156 extend the requirements placed on dealers to provide
19 buyer's temporary tag receipts under that section to a federal, state, or local governmental agency.

20 Proposed amendments to §215.157 extend the requirements placed on dealers concerning
21 preprinted Internet-down temporary tags with specific numbers and buyer's temporary tag receipts under
22 that section to a federal, state, or local governmental agency.

1 Proposed amendments to §215.158 extend the requirements placed on dealers concerning the
2 allocation and safekeeping of preprinted Internet-down temporary tags under that section to a federal,
3 state, or local governmental agency.

4 **FISCAL NOTE AND LOCAL EMPLOYMENT IMPACT STATEMENT.** Linda M. Flores, Chief Financial Officer,
5 has determined that for each year of the first five years the proposed amendments will be in effect, there
6 will be no revenue impact; only an internal eLICENSING and eTAG programming change. Therefore, for
7 each year of the first five years the proposed amendments will be in effect, there will be no fiscal impact
8 to state or local governments as a result of the enforcement or administration of the proposal. Jeremiah
9 Kuntz, Director of the Vehicle Titles and Registration Division, has determined that there will be no
10 measurable effect on local employment or the local economy as a result of the proposal.

11 **PUBLIC BENEFIT AND COST NOTE.** Mr. Kuntz has also determined that, for each year of the first five years
12 the proposed amendments are in effect, the public benefits include increased clarity and consistency for
13 a federal, state, or local governmental agency, issuing buyer's temporary tags, and reference the current
14 internet forms. Adoption of the sections will implement Transportation Code §503.063(e) and allow
15 federal, state, or local governmental agencies selling vehicles to issue valid buyer's temporary tags.

16 Mr. Kuntz anticipates that there will be no additional costs on regulated persons to comply with
17 these rules. Transportation Code §503.063(h) authorizes a federal, state, or local governmental agency to
18 issue a buyer's temporary tag under the requirements of Transportation Code §§503.063, 503.0631, and
19 503.067. Section 503.063 requires a dealer issuing a tag to issue the tag and have internet access. The
20 requirements for issuing the tags and internet access exists in §§215.150 – 215.158 and are not changed
21 by this proposal. The proposal requirements are extended to a federal, state, or local governmental
22 agency, that make a business decision to issue a buyer's temporary tag to the purchaser of a qualifying
23 vehicle.

1 Changes to preprinted Internet-down tags in §215.153 update the version in the rule to the
2 current online version of the form. Thus, any stock of pre-printed tags are not affected by this proposal.

3 **ECONOMIC IMPACT STATEMENT AND REGULATORY FLEXIBILITY ANALYSIS.** As required by Government
4 Code, §2006.002, the department has determined that the proposed amendments will not have an
5 adverse economic effect on small businesses, micro-businesses, or rural communities because the
6 proposal only affects federal, state, or local governmental agencies. Therefore, the department is not
7 required to prepare a regulatory flexibility analysis under Government Code, §2006.002.

8 **TAKINGS IMPACT ASSESSMENT.** The department has determined that no private real property interests
9 are affected by this proposal and that this proposal does not restrict or limit an owner's right to property
10 that would otherwise exist in the absence of government action and, therefore, does not constitute a
11 taking or require a takings impact assessment under Government Code, §2007.043.

12 **GOVERNMENT GROWTH IMPACT STATEMENT.** The department has determined that each year of the first
13 five years the proposed amendments are in effect, the proposed rule:

- 14 will not create or eliminate a government program;
- 15 will not require the creation of new employee positions or the elimination of existing employee
16 positions;
- 17 will not require an increase or decrease in future legislative appropriations to the department;
- 18 will not require an increase or decrease in fees paid to the department;
- 19 will not create new regulations;
- 20 will expand existing regulations §§215.150 - 215.158 to implement Transportation Code
21 §503.063(h);
- 22 will not repeal existing regulations;
- 23 will not increase or decrease the number of individuals subject to the rule's applicability,

1 because the proposal extends requirements to federal, state, or local governmental agencies; and
2 will not positively or adversely affect the Texas economy.

3 **REQUEST FOR PUBLIC COMMENT.** If you want to comment on the proposal, submit your written
4 comments by 5:00 p.m. CDT on July 27, 2020. A request for a public hearing must be sent separately
5 from your written comments. Send written comments or hearing requests by email to *rules@txdmv.gov*
6 or by mail to Office of General Counsel, Texas Department of Motor Vehicles, 4000 Jackson Avenue,
7 Austin, Texas 78731. If a hearing is held, the department will consider written comments and public
8 testimony presented at the hearing.

9 **STATUTORY AUTHORITY.** The department proposes amendments to §§215.150 - 215.158 under
10 Transportation Code §§503.002, 503.0626, 503.631, 503.069 and §1002.001.

11 Transportation Code §503.002 authorizes the Texas Department of Motor Vehicles Board (board)
12 to adopt rules for the administration of Transportation Code Chapter 503.

13 Transportation Code §503.0626 authorizes the department to adopt rules and prescribe
14 procedures as necessary to implement §503.0626.

15 Transportation Code §503.0631 authorizes the department to adopt rules and prescribe
16 procedures as necessary to implement this §503.0631.

17 Transportation Code §503.069 provides that a license plate, other than an in-transit license plate,
18 or a temporary tag issued under this chapter shall be displayed in accordance with department rules.

19 Transportation Code §1002.001, authorizes the board to adopt rules that are necessary and
20 appropriate to implement the powers and the duties of the department.

6 (2) both vehicles are being conveyed from the dealer's place of business to a licensed
7 wholesale motor vehicle auction or from a licensed wholesale motor vehicle auction to the dealer's place

9 the public streets and highways and for which a sale has been consummated.

10 (b) A buyer's temporary tag may be displayed only on a vehicle that has a valid inspection in
11 accordance with Transportation Code Chapter 548, unless the vehicle is exempt from inspection under
12 Chapter 548.

- 17 (1) the date on which the vehicle is registered; or
18 (2) the 60th day after the date of purchase.

19 (e) The dealer, or federal, state, or local governmental agency, must ensure that the following

5 Transportation Code, §502.453 or §502.456 [~~or an all-terrain vehicle or recreational off-highway vehicle~~
6 ~~under Transportation Code, §502.140 or Transportation Code, Chapter 663~~]. A federal, state, or local
7 governmental agency may charge a buyer a fee of \$5 for the buyer's temporary tag or Internet-down
8 buyer's temporary tag issued, unless the vehicle is exempt from payment of registration fees under
9 Transportation Code, §502.453 or §502.456, or is a vehicle described in §215.15(d)(3) or (4) of this chapter
10 (relating to Dealer's Temporary Tags). The fee shall be remitted by a dealer to the county in conjunction
11 with the title transfer, and, if collected, by a federal, state, or local government agency, to the county, for
12 deposit to the credit of the Texas Department of Motor Vehicles fund, unless the vehicle is sold by a dealer
13 to an out-of-state resident, in which case:

14 (1) the dealer shall remit the entire fee to the department for deposit to the credit of the
15 Texas Department of Motor Vehicles fund if payment is made through the department's electronic title
16 system; or

17 (2) the dealer shall remit the fee to the county for deposit to the credit of the Texas
18 Department of Motor Vehicles fund.

19
20 §215.156. Buyer's Temporary Tag Receipt.

21 A dealer, or federal, state, or local government agency, must provide a buyer's temporary tag receipt to
22 the buyer of each vehicle for which a buyer's temporary tag is issued, regardless of whether the buyer's
23 temporary tag is issued using the temporary tag database or if the tag is a preprinted Internet-down

1 temporary tag. The dealer, or federal, state, or local governmental agency, may print the image of the
2 buyer's temporary tag receipt issued from the temporary tag database or create the form using the same
3 information. The dealer, or federal, state, or local governmental agency, shall instruct the buyer to keep
4 a copy of the buyer's temporary tag receipt in the vehicle until the vehicle is registered in the buyer's
5 name and until metal plates are affixed to the vehicle. The buyer's temporary tag receipt must include the
6 following information:

7 (1) the issue date of the buyer's temporary tag;

8 (2) the year, make, model, body style, color, and VIN of the vehicle sold;

9 (3) the vehicle-specific temporary tag number;

10 (4) the expiration date of the temporary tag;

11 (5) the date of the sale;

12 (6) the name of the issuing dealer and the dealer's license number or the name of the
13 issuing federal, state, or local governmental agency; and

14 (7) the buyer's name and mailing address.

15
16 §215.157. Advance Numbers, Preprinted Internet-down Temporary Tags.

17 (a) In accordance with Transportation Code, §503.0631(d), a dealer, or a federal, state, or local
18 government agency, may obtain an advance supply of preprinted Internet-down temporary tags with
19 specific numbers and buyer's temporary tag receipts to issue in lieu of buyer's temporary tags if the dealer
20 is unable to access the internet.

21 (b) If a dealer, or a federal, state, or local government agency, is unable to access the internet at
22 the time of a sale, the dealer, or a federal, state, or local government agency, must complete the
23 preprinted Internet-down temporary buyer's tag and buyer's temporary tag receipt by providing details

1 of the sale, signing the buyer's temporary tag receipt, and retaining a copy. The dealer, or a federal, state,
2 or local government agency, must enter the required information regarding the sale in the temporary tag
3 database not later than the close of the next business day that the dealer has access to the internet. The
4 buyer's temporary tag receipt must include a statement that the dealer, or a federal, state, or local
5 government agency, has internet access but, at the time of the sale, the dealer, or a federal, state, or local
6 government agency, was unable to access the internet or the temporary tag database.

7

8 §215.158. General Requirements and Allocation of Preprinted Internet-down Temporary Tag Numbers.

9 (a) The dealer, or a federal, state, or local government agency, is responsible for the safekeeping
10 of preprinted Internet-down temporary tags and shall store them in a secure place. The dealer, or a
11 federal, state, or local government agency, shall report any loss, theft, or destruction of preprinted
12 Internet-down temporary tags to the department within 24 hours of discovering the loss, theft, or
13 destruction.

14 (b) A dealer, or a federal, state, or local government agency, may use a preprinted Internet-down
15 temporary tag up to 12 months after the date the preprinted Internet-down temporary tag is created. A
16 dealer, or a federal, state, or local government agency, may create replacement preprinted Internet-down
17 temporary tags up to the maximum allowed, when:

18 (1) a dealer, or a federal, state, or local government agency, uses one or more preprinted
19 Internet-down temporary tags and then enters the required information in the temporary tag database
20 after access to the temporary tag database is again available; or

21 (2) a preprinted Internet-down temporary tag expires.

22 (c) The number of preprinted Internet-down temporary tags that a dealer, or federal, state, or
23 local government agency, may create is equal to the greater of:

1 (1) the number of preprinted Internet-down temporary tags previously allotted by the
2 department to the dealer or a federal, state, or local government agency;

3 (2) 30; or

4 (3) $1/52$ of the dealer's, or federal, state, or local government agency's, total annual sales.

5 (d) For good cause shown, a dealer, or a federal, state, or local government agency, may obtain
6 more than the number of preprinted Internet-down temporary tags described in subsection (c) of this
7 section. The director of the Vehicle Titles and Registration Division of the department or that director's
8 delegate may approve, in accordance with this subsection, an additional allotment of preprinted Internet-
9 down temporary tags for a dealer, or a federal, state, or local government agency, if the additional
10 allotment is essential for the continuation of the dealer's, or a federal, state, or local government agency's,
11 business. The director of the Vehicle Titles and Registration Division of the department, or a federal, state,
12 or local government agency, or that director's delegate will base the determination of the additional
13 allotment of preprinted Internet-down temporary tags on the dealer's, or a federal, state, or local
14 government agency, past sales, inventory, and any other factors that the director of the Vehicle Titles and
15 Registration Division of the department or that director's delegate determines pertinent, such as an
16 emergency. A request for additional preprinted Internet-down temporary tags must specifically state why
17 the additional preprinted Internet-down temporary tags are necessary for the continuation of the
18 applicant's business.

19 CERTIFICATION. The agency certifies that legal counsel has reviewed the proposal and found it to be within
20 the state agency's legal authority to adopt.

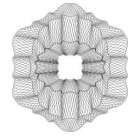

21 Issued at Austin, Texas, on June 11, 2020.
