CHAIRMAN

ERNEST ANGELO, JR
CARLOS H. CASCOS
COMMISSIONERS

Information contained herein supersedes information contained in all Certified Moped lists, whether published as special announcements, attachments to special announcements, or supplements to special announcements issued prior to September 2005.

The attached list of mopeds has been certified by the Department of Public Safety as meeting the Texas legal definition of a moped. That is, having an engine piston displacement of less than 50 cubic centimeters, no manual gear change mechanism, and not able to exceed a speed of 30 miles per hour.

If a local dealer's information conflicts with the manufacturer's or distributor's information, the manufacturer's or distributor's information governs.

In instances where a motorized cycle is not on the list, or there is a conflict, and the status of the cycle cannot be determined from information contained on the cycle, have the owner of the cycle contact the Motorcycle Safety Unit for attempts to determine the correct status.

Please note the revision date on this list and keep this list until superseded by a new list with a later revision date.

Clifton R. Burdette
Coordinator
Motorcycle Safety Unit
