PERMIT REQUIRED TO MOVE ON PUBLIC HIGHWAYS

If a travel trailer is a "Park Model" type trailer, and **exceeds 8'6" in width or 45' in length**, the owner will be required to obtain an oversize/overweight permit, in addition to regular registration, to legally move the trailer on the public highways.

If the travel trailer or park model trailer is **used as a residence**, and is being registered for the sole purpose of obtaining a certificate of title and **not for operation on the highways**, it would not be subject to the safety inspection requirements.
