Instructions

All Applicants:

The purchaser, lienholder and dealer must each complete an affidavit to revoke the title application of a first time sale vehicle. Affidavits must be completed and presented to the Texas Department of Motor Vehicles (TxDMV) within 21 days from the date of sale. Please ensure all required fields are completed with permanent ink (preferably blue). The purchaser must sign as principal to the affidavit. A dealer may not use a power of attorney to complete this form on behalf of the first time purchaser. If a vehicle is purchased by two parties, each party is required to complete an affidavit. Proper notarization is required for each completed affidavit.

Dealer Instructions:

Once the interested parties have completed, signed and notarized the affidavits supporting the revocation of a first time sale title application, the dealer is responsible for packaging and sending the completed affidavit packet to the Vehicle Titles and Registration Division. A valid copy of the dealer's license should be included with the packet. If a title has been issued, it must be included as part of this packet.

Completed affidavit packets should be mailed to:

Texas Department of Motor Vehicles
Vehicle Titles and Registration Division

Please Note:

Completed affidavits will be accepted if a title has been issued or if a title is in process. If a title has been issued, the title must be surrendered and included as part of this packet. If a title has been issued or is awaiting release, a dealer would need to obtain a duplicate Manufacturer's Certificate of Origin (MCO) from the manufacturer for the vehicle subject to a first time sale, as the MCO used to title the vehicle cannot be returned.
