The Texas Department of Motor Vehicles (DMV) is interested in evaluating 6 sites across the state to determine whether it is more financially and functionally beneficial to lease, buy or own these facilities. The sites analyzed will be Dallas/Carrollton, El Paso, Fort Worth, Houston, Laredo, and Waco. Because of the wide variance in the size and location characteristics of these facilities, each will require its own discrete analysis. However, for facilities below 10,000 SF it is infeasible to build a stand-alone buildings and so in these instances the analysis will be restricted to evaluating the cost on leasing these facilities vs buying the buildings they occupy.
