December 12, 2001

Registration and Title Bulletin # 165-01

TO: All County Tax Assessor-Collectors

SUBJECT: Increase in the Issuance of Token Trailer License Plates

PURPOSE:

To provide information concerning the need for apportion customers currently displaying apportioned trailer plates to obtain token trailer plates at the time of registration renewal and title transfers, due to a change in the apportion requirements.

DETAILS:

TxDOT is no longer required to issue apportioned trailer plates for interstate semitrailers that operate in California or Wyoming. Customers with apportioned trailer plates will be notified via their apportion registration renewals to acquire token trailer plates from their local County Tax Assessor-Collector's Office. Individual renewal notices will not be mailed for each apportioned trailer. The registrants will receive a list of all trailers registered with apportioned trailer plates to provide to your office to aid in the issuance of token trailer plates. Because of this notification, you could possibly see an increase in the number of customers requesting token trailer plates.

VTR CONTACT PERSON(S):

If you have any questions, please contact your local TxDOT Vehicle Titles and Registration Division Regional Office. Thank you very much for your continued support.

Sincerely,

for Jerry L. Dike, Director
