

VTR Background

VTR Mission and Vision

Mission

To provide accurate, efficient and effective vehicle registration and title services.

Vision

We envision a VTR that, as an integral part of TxDOT, is responsive to the needs of all customers by:

- ◆ Maintaining an (adequate) qualified, trained, productive, and diverse workforce.
- ◆ Ensuring a safe, comfortable workplace with equal opportunity.
- ◆ Treating everyone with dignity and respect.
- ◆ Continuously improving efficient and cost effective work methods that encourage innovation and creativity.
- ◆ Ongoing evaluation of the effectiveness and appropriateness of programs, policies and procedures.

Division History

Since 1917, TxDOT has collected motor vehicle registration fees as a source of revenue for building and maintaining the state's transportation system (see Texas Transportation Code (TRC) Chap. 502 and 504). TRC Chap. 501 authorizes TxDOT to collect fees for the issuance of titles and recording of vehicle ownership information for Texas residents.

County Tax Assessor-Collectors

Texas' 254 County Tax Assessor-Collectors are independent elected officials who discharge various statutory duties on behalf of TxDOT such as issuing motor vehicle registrations, accepting title applications and collecting and reporting applicable fees. They in turn may subcontract to agents.

Registration and Title System (RTS)

RTS is a uniform automated system provided by TxDOT for county tax offices to use in the registering and titling of vehicles. In FY '04, there were 2,501 workstations at 475 sites.
